FREE READING TUTORING

Elaine Mohr, AmeriCorps Iowa Reading Corps Member, is offering FREE tutoring in reading for your children ages 5 through 3rd Grade. Elaine is presently tutoring at the Collins-Maxwell Elementary School and will now conduct tutoring at the Maxwell City Library during normal library evening hours and on Saturday from 11:00 am until 2:00 pm. This tutoring will involve helping children with their letter sounds, phonics and reading fluency. Each session will be private one on one tutoring for approximately 20-30 minutes.

This service is currently available until July 31st, 2015. Reading tutoring will help increase your child's reading levels and keep their skills sharp during the holidays and summer months.

If you are interested in this service, please fill out a form at the Maxwell Library or contact Elaine at 515-387-1137.
